<b>2</b>	<b>Bibliography</b>	<b>1</b>

The bibliography is searched in the folder of the document, and then in ~/Documents.

References can use different styles such as: (Lane 2000) or Lane (2000).

Page numbers can be added: (Lane 2000, 89) or Lane (2000, 89-93).

A bit of pretext can be included too: (See Lane 2000, 89)

We can include other files, which are also processed:

## 1 Sample file 2: multiple authors

References can use different styles such as: (Lane and Smith 2000) or Lane and Smith (2000).

Page numbers can be added: (Lane and Smith 2000, 89) or Lane and Smith (2000, 89-93).

A bit of pretext can be included too: (See Lane and Smith 2000, 89)

### 1.1 multiple refs

One citation can include several references, such as (Lane 2000; Lane and Smith 2000).

These can include pages and be in-text: Lane (2000, 78); Lane and Smith (2000, 89-93).

And include pretext: (See Lane 2000; Lane and Smith 2000, 89-93)

Note: citations cannot be split over lines; each citation must be on one line.

Simple ref [1]

To include the reference list, use the section template before title, to prevent problems with a2x.
